

## **Scope**

IRT Consulting LLC is chartered with a one-to-one vision to assist small and medium sized businesses with their Internet needs. We are dedicated to providing a compelling and productive presence on the Internet for your organization. A company's web presence should be defined by the company. We are driven to capture the vision of your organization and deliver a clear message to existing and prospective customers.

Below are 3 specifications for proposed web development costs. Please note these costs do not include:

- **Monthly hosting costs** (\$10-\$40 per month depending on availability concerns, site complexity)
- **Updates to site** (IIS will provide updates free of charge for 1<sup>st</sup> month with signing of contract – further maintenance can be retained through contract extension.)

The following plans are 3 examples of entry web development proposals we have completed for existing clients, we can tailor any package to meet your needs. IRT is dedicated to launching your site quickly and according to your requirements.

Please contact Dave Manzolillo to schedule a one-on-one appointment to get your site started.
